Hello, Hello, Hello Daria... No, I didn't know that PACE was closing... It would be an "HONOR" to endorse, recommend, or speak on your behalf.

No I have not worked with you nor have I heard you speak, but I know your resume/work experiences and accomplishments at PACE speaks for you...

With your personality, intelligence, attitude, passion and concern for humanity, spirituality, willingness to learn and grow, "experiences" of life...

are intangibles that most organizations or businesses are looking for and would love to have...Your attitude as you prepare for your next "chapter"

in life is an example. You are a beautiful person and an asset to our community.

Much love, joy and happiness... Rick
